C                   F           C       F
   Woke   up  this morning   feeling  fine
C                 F           C          C
There's something special    on my mind
F            F          F            F        C     F     C     F
Last night I met a new girl in the neighbor-hood, whoa yeah
G         G        F        F         C
Something tells me I'm into something good     F      C      F
                                        (Something tells me I'm into something)
-------------------------------------------------------------
C                   F           C       F
She's the kind of  girl who's not too shy
C                 F           C           C
And    I    can   tell  I'm  her kind of guy
F          F        F           F           C     F     C     F
She danced close to me like  I  hoped  she  would
                                                   (She danced with me
                                                   like I hoped she would)
G         G        F        F         C
Something tells me I'm into something good     F      C      F
                                        (Something tells me I'm into something)
-------------------------------------------------------------
G (d)          G            G            G
(ahhh) We only danced for a minute or two
             C              F      C           C
But then she stuck close to me the whole night through
G (d)        G    G          G
(ahhh) Can I be   falling in love?
D           D               D7       G
She's every-thing I've been dreaming of          G              D7      G
                                        (She's everything I've been dreaming of)
-------------------------------------------------------------

C            F            C       F
I walked her home and she held my hand
  C                 F          C         C
I knew it couldn't be just a one-night stand
   F          F            F            F          C   F    C    F
So I asked to see her next week and she told me I could
                                                    (I asked to see her and
G         G        F        F         C                 she told me I could
Something tells me I'm into something good     F      C       F
                                        (Something tells me I'm into something)
G         G        F        F         G
Something tells me I'm into something (Ahhh)

      (ahhh) Can I be   falling in love?
