

Hold Each Other Up – Cathy Fink & Marcy Marxer 4/4

[C] We're gonna hold each other up

[F] Gonna lift each other [C] high

[C] Gonna love each other better than be-[G]fore [G7]

[C] This old world will keep on [C7] turning

[F] And our hearts will keep on [C] yearning

For each [C] other when the [G] world is so [C] unsure

[Am] We've seen troubles in the past

[F] Some gone but and some that [C] last

[C] And there's one thing that can help us all get [G] by

[C] If we listen to our [C7] hearts

[F] Each new day's a brand new [C] start

[C] We can love each other [G] better if we [C] try

[C] We're gonna hold each other up

[F] Gonna lift each other [C] high

[C] Gonna love each other better than be-[G]fore [G7]

[C] This old world will keep on [C7] turning

[F] And our hearts will keep on [C] yearning

For each [C] other when the [G] world is so [C] unsure

[Am] We have time to be kind

[F] It's a time to re-[C]mind

[C] That deep down our differences are [G] few

[C] And as every minute [C7] weighs

[F] Turning worries into [C] days

We be-[C]lieve that our [G] love will bring us [C] through

[C] We're gonna hold each other up

[F] Gonna lift each other [C] high

[C] Gonna love each other than be-[G]fore [G7]

[C] This old world will keep on [C7] turning

[F] And our hearts will keep on [C] yearning

For each [C] other when the [G] world is so [C] unsure

Repeat this last chorus
